

Idiot Siege

Founded in 2017 by four guys from Leipzig, Idiot Siege plays its style of melodic punk, influenced by our individual musical backgrounds from all corners of the DIY subculture. As a way to cope with both personal issues and life in what feels like an ever sickening society, we turn to screaming out lyrics dealing with everyday struggles and disappointments we experience. Hoping to keep our spirits up to continue reflecting on ourselves and our behaviour as well as continuing to oppose all of the wrongdoing in this world.

Whoop! That's how it works. "Listen to the demo" said someone. Awesome. Looked around, did some research, pressing factories collapsed.... We got the vinyl. Finally. The four songs on the previous released tape could already convince but what "Jeans"/"Fliehende Stürme", turned out here is great. "Idiot Siege" are melodically straight, with an old-school sound. Punk Rock. The more than 28 minutes were pressed on black vinyl, inside-out cover with a thick text inlay. Download anytime via Bandcamp. This album was released in co-op with "Jean-Claude Madame Records". We care a lot. Thanks.

Idiot Siege - ...one of those lives LP:
VÖ 15. Oktober 2021

Format Vinyl, Digital
500 12" Vinyl, 33rpm,
Bandcamp

Seite A

1. dark and dim
2. feeble peace
3. rat race
4. reflection of self-hate
5. passion
6. twenty something

Seite B

7. running out of time
 8. tender lies
 9. fake unity
 10. paper chase
 11. no trust
 12. time of my life
- = 28:13 min.
